Chair's Overview

With a little hard work and intense focus, we achieved the ASES Certification standard (Australian Service Excellence Standards) which included reviewing all our systems, procedures and policies. We learnt of the favourable outcome a few days prior to Christmas 2021.

We've felt the immense pressure like many charities, where donations took a huge reduction of 20% over the past two years.

This left us reviewing every aspect of the work. If it wasn't for the kindness of our Eastwood landlord who allowed us to operate rent free for six months, we may be telling a very different story. There were also two significant donations which 'saved the day'.

We are currently wanting to strengthen our Board even further with new members with governance experience in marketing, fundraising and law.

A special thankyou to both the Board and staff for their tenacity and steadfastness through the past challenging times.

Les Dennis, Board Chair

Chief Executive Reflections

Helen Glanville, CEO

Due to the pressures of reduced donations, this was the year we decided to increase our capacity to generate more of our own independent funds through our Op Shop at Sturt and our Furniture Warehouse at Richmond.

We're still in great need of volunteers across all our operations including those volunteers who enjoy retail with the public, driving to collect donations and deliver sales, and those with a passion for working with children and youth at Mentoring Camps.

(As at November 2022)

Our core business of visiting prisoners has also taken a huge hit. We've had to start over since March 2022.

We need your help in spreading the word because giving a 'second chance' to a broken life and a disadvantaged child, can make the world of difference to their life, and to the world we all live in.
